My team member Manos is a very easy to communicate person and open to suggestions. Our workflow is pretty decent and we can complete difficult tasks in a small amount of time and have fun doing it.

Team Member 3:

My team member Lfteris is very knowledgeable he has an excellent vocabulary and he is always ready to help and spread his knowledge to us.

Mike is a good partner for the tasks as he usually fills the least wanted part, the ones me and Lfteris prefer not to do.

Team Member 3:

Lfteris is a very compatible teammate that I can comfortably say contributes to at least 33% of each task. I would like to work with him in English IV as well.

Very cheerful, making it easier to work for longer sessions at a time even if the task isn't as easy as the previous ones. Can adequately hold his own in the more elaborative parts of tasks.

Team Member 2:

Brings great ideas when the rest of us are stuck or unsure about a subquestion and can explain his thinking quite easily.
